Gunslingers Christmas

@ Saskatoon Wildlife Federation

December 19th.

Well, it's pretty much all set up for Dec 19th. All the stages are ready to go and both indoor ranges and classroom are booked.

We will have 6 stages for a total of 122 rifle/pistol rounds ranging from 8 to 15 meters. Nothing complicated, some will be fast and furious, and some will require looking at your sights.

Plan is to have 2 squads with each shooting 3 stages on one range, a lunch break then shoot the next 3 on the other range.

Paper IPSC type targets for rifle and pistol, unfortunately **NO** shotguns allowed.

Following SASS rules however, dress is encouraged but hats not mandatory as it is noisier than outside and muffs might be preferred. Bring your hat for a posse pic.

Show up in the classroom by 9:30 am, safety meeting at 9:45 am and making noise by 10:00 am.

Old Toad and the SWF will be providing a lunch included with your $10 entry fee.

A quick S.A.W.W.S. meeting to follow the shoot.

For those of you who plan on coming and haven't already let me know, please do so that we can get an idea of numbers. Limit of 25 shooters.
